

**Complete the entire Physics 6 series plus labs in just one summer abroad!**

### EAP Summer Physics Information Session

4-5pm Monday, Oct. 25, 2021 via zoom

Register [here](#) or at [eap.ucsb.edu/news](http://eap.ucsb.edu/news)

#### Program

- Choose from 2 locations: Dublin, Ireland or Sussex, UK-England. See back for a side-by-side comparison of program details. **(Other locations are NOT approved for UCSB students).**
- Fulfills Physics 6 A-B-C and 6 AL-BL-CL.
- 8 weeks from mid-June through mid-August 2022.
- 12 units, 2 physics classes each 4-weeks long. Must be taken for letter grades.
- Intensive full-day classes Monday-Friday that include lectures, labs, and workshops or seminars. Reserve travel for weekends or after the program ends.
- Classes are with UC students only. There may be students from other countries on campus.

#### Eligibility

- 2.5 cumulative GPA at the time of application and maintained each quarter until departure. New freshmen and transfers without UCSB GPAs may still apply; your fall quarter grades will be used to confirm your eligibility.
- Prerequisites: Math 2A-B, or 3A-B, or 34A-B with grades of C or above by time of departure, or equivalent AP or IB calculus coursework.
- Sophomore, Junior, or Senior standing by time of departure (completion of at least 45 units).

#### How to Apply

- **These programs are no longer impacted and are no longer filled first-come first-served. All eligible applicants can be accepted!**
- You may only apply for one summer program.
- Start an application at [my.uceap.universityofcalifornia.edu](http://my.uceap.universityofcalifornia.edu)
- Applications are due by **11:59pm Tuesday, December 7, 2021**. You may submit your application without the Academic Planning Form (which requires the signature of your major advisor), and upload it to your UCEAP application seperately later by March 1, 2022.
- All applicants will receive an acceptance decision by the end of January.

#### COVID-19

Currently, UCEAP Summer 2022 programs are scheduled to run as planned. Given the fluidity of COVID-19, we cannot guarantee that your program will run. If there are any changes applicants will be notified immediately. We recommend creating a backup plan to complete your physics requirements in case your program is cancelled, such as enrolling in UCSB Summer Session.
